

UNLOCKING BIBLICAL TRUTH

GENDER AND SEXUALITY ISSUES

Sunday, April 10, 2022

6:30 p.m. - 8:30 p.m.

**Potosi Southern Baptist Church
10165 W State Highway 8, Potosi, MO**

We are witnessing moral anarchy, as Western nations abandon all semblance of biblical authority. There is nothing more essential to our lives than our manhood or womanhood, yet our culture is embracing transgender identity and is thus uprooting the very structure of our bodily existence. Untold numbers of boys and girls are being harmed. Most significantly, God is not honored or obeyed.

Dr. Steven L. Voss, associate professor of psychology at Hannibal-LaGrange University, will speak on men and women in God's design; theology, science, psychology, and the sexual person; and sexuality during the time the church was birthed and how it applies.

Dean Greer of Desert Stream/Living Water Ministries, and Amanda Smith of Redeemer Fellowship in Kansas City, will teach the Christian individual how to respond to a loved one who is same sex attracted or at odds with their God given maleness or femaleness.

Please make plans to join us. There is no charge to attend.
